## PROFILE

I am a hardworking and ambitious individual with a great passion for the web development, app development and graphic designing. I am currently in my second semester of studying Bachelor of Engineering at SJB Institute of Technology. I have excellent designing skills, enabling me to create effective designs and implement it in a webpage or an app. I am seeing a part-time position in the industry in which I can put into practice my knowledge and experience, ultimately benefiting the operations of the organisation that I work for.

## KEY SKILLS

- Great designing skills.
- Can work with tools like CSS, JavaScript, Flutter and Illustrator.
- Able to plan and organise.
- Can convert any design idea to amazing output.
- Able to manage time efficiently and work according to the deadlines.
- Experience with a wide variety of designing tools.
- Leadership and Management skills.

## EDUCATION

Passed out with a score of 10 cgpa in class 10<sup>th</sup>.

Cleared my 12<sup>th</sup> with 88% .

Currently pursuing Bachelor of engineering at SJB Institute of Technology.

## PREVIOUS EMPLOYMENT/WORK EXPERIENCE

Working as a freelancer as a frontend web developer from the last six months.

Currently working as a graphic designer intern at a marketing based firm.

Did an internship for 2 months on Social Media Marketing at ZAV Foundation.

## **INTERESTS**

**My field of interests are coding, designing and modern technologies. I love to spend most of my time on computers tinkering with new hardware's and software's and gaining skills on their working. I can code in a wide variety of languages namely C++, JAVA, CSS, JavaScript, HTML and php. In designing field, I can work with Photoshop, illustrator, CorelDraw, Aftereffects and Premiere pro and currently building my skills in app development with flutter.**
